Appearance and finish

Color	Steel
Finish	Matowe
Coating	Antifinger

Materials

Material	Brushed AISI 304 stainless steel

Mechanism and operation

Dispensing type	Manual
Activation type	Button
Closing Mechanism	Lock + metal key

Dimensions and weight

Capacity (ml)	1000.0 ml
Height (mm)	280.0
Width (mm)	100.0
Depth (mm)	100.0
Weight (kg)	0.8 kg

Mounting and connections

Mounting method	Wall

Set contents

Installation kit	Yes

Warranty

Warranty (years)	2
Warranty Type	door-to-door

Logistics – unit carton

Carton weight	0.88 kg

Logistics – master carton

Units per master carton	12
Master carton height	400.0 mm
Master carton depth	360.0 mm
Master carton width	340.0 mm
Master carton volume (m^3)	0.049 m^3
Master carton weight	10.56 kg

Description

Faneco HIT ANTIFINGER is**manual, wall-mounted foam soap dispenser with a capacity of 1 liter**, made of brushed AISI 304 stainless steel. The antifinger coating helps reduce the visibility of fingerprints on the surface, making it easier for the dispenser to maintain a neat appearance during everyday use.

The liter capacity is suitable for regularly used sanitary facilities, and the mechanical dosing system does not require batteries or a power connection.

- **For foam soap**– a model equipped with a dosing system intended for this type of preparation.
- **Capacity 1000 ml**– a large tank limits the frequency of refilling.
- **AISI 304 stainless steel**– solid construction suitable for equipping public sanitary facilities.
- **Antifinger coating**– reduces the visibility of fingerprints and helps maintain the aesthetic appearance of the steel surface.
- **Matte, brushed finish**– matches other elements of the HIT ANTIFINGER collection.
- **Manual dosing**– ergonomic button allows operation without batteries or electricity.
- **Non-spill valve**– limits dripping of the preparation after dosing.
- **Control window**– allows you to check the soap level without opening the housing.
- **Filling from a canister**– does not require the use of dedicated cartridges.
- **Metal lock and key**– secure access to the inside of the dispenser.
