Description

LUNA 750 is a **wall-mounted, manual liquid soap dispenser with a capacity of 750 ml**, made of brushed AISI 304 stainless steel. Its simple design, mechanical dispensing and lack of a power requirement make it easy to use every day and well suited to public and commercial bathrooms.

The tank can be filled directly from the canister, and the window in the housing allows you to check the soap level without opening the dispenser.

- **Capacity 750 ml**– provides an adequate supply of soap without using a large, liter casing.
- **For liquid soap**– model intended for liquid hand cleaners.
- **AISI 304 stainless steel**– casing made of durable material suitable for sanitary equipment.
- **Steel thickness 1 mm**– a specific parameter of the housing structure.
- **Matte, brushed finish**– allows you to match the dispenser to other products from the LUNA collection.
- **Manual dosing**– ergonomic button allows simple operation without batteries or electricity.
- **Non-drip valve**– limits soap dripping after dispensing.
- **Control window**– allows you to quickly check the soap level.
- **Filling from a canister**– does not require the use of dedicated cartridges.
- **Metal lock and metal key**– secure access to the inside of the dispenser.
- **Wall mounting**
