Description

An open waste bin designed to be installed under the countertop. It is made of stainless steel, and the cylindrical design allows you to hide the container under the surface of the countertop and create an orderly waste disposal zone.

The **30 liter** capacity provides adequate space for waste in regularly used public bathrooms and other commercial facilities.

- **Capacity 30 l** – suitable for regularly used spaces.
- **Undercounter installation** – a basket designed to be installed under the surface of the countertop.
- **Open construction** – the basket does not have a lid or opening mechanism.
- **Cylinder shape** – a cylindrical structure adapted to under-counter construction.
- **Stainless steel** – the material used to make the basket.
- **Matte finish**.
- **Dimensions: 390 × 310 × 310 mm**.
- **Weight: 4.2 kg**.
- **Product code: WBUC30SJB**.
- **Warranty: 2 years**.

The Faneco 30 l is designed for built-in washbasin areas where the waste bin is to be placed under the countertop. The open design provides easy access to the container, while hiding it under the surface of the countertop reduces the number of visible pieces of equipment.
