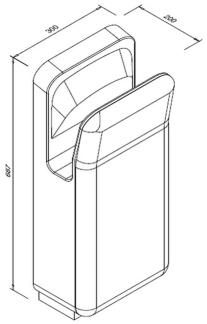
Faneco MONSUN 1900 W hand dryer, silver, ABS

Code: DA1900PQS
EAN: 5901764296409



Faneco MONSUN hand dryer with a power of 1900 W, made of silver ABS material, with an antibacterial coating. Activated automatically by a photocell. Equipped with a brush motor, illuminated panel and anti-theft protection. Drying time 7–10 s, air speed 95 m/s, noise level 73 dB. IPX4 protection level.

Technical information

About the product

Collection	MONSUN
Product type	Hands-In Hand Dryers
Category	Hand dryers
Brand	Faneco
EAN	5901764296409

Compliance

IP rating	IPX4

Application

Intended use	toilets with medium and heavy traffic

Operating parameters

Power (W)	1900.0 W
Min. drying time (s)	7.0
Max. drying time (s)	10.0
Min. temperature (°C)	35.0
Max. temperature (°C)	35.0
Noise level (dB)	73.0 dB
Air speed (m/s)	95.0
Motor type	Brushed motor

Features and functions

Automatic shut-off	Yes

Appearance and finish

Color	Silver
Antibacterial coating	Yes

Materials

Material	ABS plastic
Housing material	ABS plastic

Mechanism and operation

Activation type	sensor

Dimensions and weight

Height (mm)	687.0mm
Width (mm)	300.0
Depth (mm)	220.0mm
Weight (kg)	9.0 kg

Mounting and connections

Mounting method	wall-mounted

Warranty

Warranty (years)	2.0
Warranty Type	door-to-door

Logistics – unit carton

Carton Height (mm)	760.0 mm
Carton Depth (mm)	282.0 mm
Carton weight	11.0 kg

Logistics – master carton

Units per master carton	2.0
Master carton height	760.0 mm
Master carton depth	555.0 mm
Master carton width	360.0 mm
Master carton volume (m^3)	0.152
Master carton weight	22.0 kg

Description

MONSUN 1900 W - intense stream, dry hands in a few seconds

MONSOO it**efficient pocket dryer designed for places with medium and heavy traffic**. Instead of traditional blowing, it uses a strong air stream that pulls water from the surface of the hand at high speed. Thanks to this, the entire process takes only one minute**7–10 seconds**.

Just put your hands inside the dryer - the photocell automatically starts the device, and the air escaping from the narrow gaps quickly removes moisture. This solution was created for bathrooms where bathrooms matter**speed, hygiene and efficient service for a large number of users**.

- **Dry in just 7-10 seconds**– a very short cycle increases user comfort and improves the use of the toilet during peak traffic hours.
- **Air speed up to 95 m/s**– a powerful stream effectively removes water from your hands instead of just evaporating it.

Product code: DA1900PQS
Faneco

- **Pocket drying method**– hands are placed inside the device, where an intense stream of air acts on their surface.
- **Automatic startup**– the photocell activates the dryer without having to touch the buttons or the housing.
- **Antibacterial coating**– an additional solution supporting hygiene in intensively used sanitary spaces.
- **Electronic temperature control**– air temperature is controlled while the device is operating.
- **Illuminated panel**– facilitates intuitive use of the dryer and emphasizes its modern character.
- **Anti-theft protection**– important especially in public bathrooms and public buildings.
- **Durable ABS housing**– durable, easy to keep clean and well adapted to everyday use.
- **IPX4 protection**– structure protected against water splashes.
- **For intensively used bathrooms**– suitable, among others, for shopping malls, office buildings, schools, restaurants, hotels, sports facilities and public spaces.
- **2 years door-to-door warranty**– convenient warranty service in case of problems with the device.

MONSUN is a good choice where a traditional dryer may be too slow. The pocket-sized design, an air stream with a speed of 95 m/s and a drying time of just a few seconds allow it to efficiently serve many users, while eliminating the need to constantly refill and remove paper towels.
