Finish	Matowe

Materials

Material	AISI 430 stainless steel brushed
Material thickness	0,8 mm

Mechanism and operation

Closing Mechanism	Yes
Opening method	Flap

Dimensions and weight

Capacity (l)	7.0 l
Height (mm)	285.0
Width (mm)	234.0
Depth (mm)	115.0mm
Weight (kg)	1.7 kg

Mounting and connections

Mounting method	Wall mounted, 4-screw

Set contents

Installation kit	Yes

Warranty

Warranty (years)	2
Warranty Type	door-to-door

Logistics – unit carton

Carton Height (mm)	294.0 mm
Carton Width (mm)	248.0 mm
Carton Depth (mm)	118.0 mm
Carton weight	1,875 kg

Logistics – master carton

Units per master carton	4
Master carton height	300.0 mm
Master carton depth	650.0 mm
Master carton width	270.0 mm
Master carton volume (m^3)	0.053 m^3
Master carton weight	7.5 kg

Description

Compact, wall-mounted hygiene waste bin with a capacity of 7 liters, made of brushed 430 stainless steel. Its small dimensions allow it to be installed in a toilet cabin without taking up the floor space, so it will work well as a basket for small hygienic waste in public toilets.

- **Capacity 7 liters**– intended for small hygienic waste.
- **Wall mounting**– the basket does not take up floor space and makes cleaning the space around it easier.
- **Fastening with 4 screws**– ensures stable attachment of the basket to the wall.
- **430 stainless steel**– material used to make the housing.
- **Steel thickness 0.8 mm**– a specific construction parameter of the bin.
- **Matte, brushed finish**– fits the rest of the steel equipment of the HIT collection.
- **Compact design**– depth only**115mm**limits the basket from extending into the cabin space.

Faneco HIT 7 l is intended primarily for toilet cabins where a separate container for small hygienic waste is needed. The small depth of 115 mm and wall mounting allow it to be used also in small cabins, and the capacity of 7 liters is adapted to this type of waste.
