Description

Faneco PASSAT H automatic hand dryer with a power of 1350 W, designed for public and commercial sanitary facilities. The brushed stainless steel housing with a matte finish gives the device a universal look and makes it easy to keep the surface clean. Contactless start-up with a photocell allows you to use the dryer without having to touch its housing.

The PASSAT H model is distinguished by its horizontal design, which allows you to conveniently dry your hands with an air jet. Wall mounting allows for functional space management, and the use of the dryer reduces the need to use disposable paper towels and replenish consumables.
