## Description

The **Faneco floor-standing toilet bowl (WC)** is designed for **intensively used public washrooms and facilities where sanitary equipment is particularly exposed to damage**. Made of 1.2 mm thick AISI 304 stainless steel, it provides a durable alternative to traditional sanitary ceramics.

Direct floor mounting ensures a stable installation. The model is particularly suitable for train stations, stadiums and other high-traffic public facilities.

- **Vandal-resistant** – designed for environments where sanitary equipment may be exposed to intensive use and deliberate damage.
- **AISI 304 stainless steel** – durable material suitable for professional sanitary applications.
- **1.2 mm steel thickness** – robust construction designed for demanding conditions.
- **Floor-mounted installation** – ensures a stable and secure installation.
- **Matte finish** – brushed stainless steel gives the toilet bowl a clean, professional appearance.
- **Ø100 mm waste outlet** – an important parameter when planning and connecting the drainage system.
- **Dimensions: 390 × 355 × 380/540 mm** – the dimensions of the unit and required connections should be taken into account before installation.
- **Weight: 15 kg**.
- **Suitable for high-traffic areas** – particularly suitable for train stations, stadiums and other intensively used public washrooms.
- **2-year door-to-door warranty**.

**The Faneco floor-standing toilet bowl (WC) is designed primarily for environments where conventional sanitary ceramics may be too susceptible to damage.** Its AISI 304 stainless steel construction, vandal-resistant design and secure floor mounting make it a durable solution for demanding public facilities.
