Vandal-resistant hook for correctional facilities

Code: NHDTX693RS
EAN: 5901764295556

Faneco vandal-resistant hook made of brushed 304 stainless steel with a matte finish. Steel thickness: 1.5 mm; bracket thickness: 0.9 mm. Maximum load capacity: 6 kg. Design features no sharp edges. Mounts to the wall using four stainless steel Torx screws.

Technical information

About the product

Product type	Hooks
Category	Bathroom accessories
Brand	Faneco
EAN	5901764295556

Application

Intended use	Correctional facilities

Features and functions

Key features	Vandal-resistant, for correctional facilities, maximum load capacity 6 kg

Appearance and finish

Color	Steel

Materials

Material	AISI 304 stainless steel
Rosette Steel Thickness (mm)	0,9 mm

Dimensions and weight

Height (mm)	108.0
Width (mm)	108.0
Depth (mm)	54.0
Weight (kg)	0.5 kg

Construction

Number of hooks	1
Hook type	Single

Mounting and connections

Mounting method	Wall-mounted
Mounting method	TORX screws

Set contents

Installation kit	Yes

Warranty

Warranty (years)	2
Warranty Type	door-to-door

Description

The Faneco towel hook was designed for **correctional facilities and other settings where standard bathroom fixtures may be subject to intentional damage or misuse**. Its design combines mechanical durability with features that limit the possibility of the hanger being used for purposes other than its intended use.

- **Vandal-resistant design** – a product designed for demanding environments with an increased risk of intentional damage.
- **Intended for use in correctional facilities** —it is a component of specialized bathroom equipment in correctional facilities.
- **No sharp edges** —the design was created with user safety in mind.
- **Maximum load capacity: 6 kg** —the limited load capacity is an intentional design feature; the hanger is not intended for the permanent suspension of heavier objects.
- **AISI 304 stainless steel** – a durable material suitable for high-traffic restroom areas.
- **A matte, brushed finish** —a practical surface that complements the rest of the steel bathroom fixtures.
- **Sturdy construction** —1.5 mm thick steel in the hanger section and 0.9 mm thick steel in the bracket.
- **Mounts with 4 stainless steel Torx screws** —fasteners are included.
- **Compact dimensions of 108 × 108 × 54 mm** —the compact design minimizes the number of protruding parts.
- **Weight: 0.5 kg**.
- **2-year door-to-door warranty**.

The Faneco towel hook is designed for locations where sanitary fixtures must meet higher standards for durability and safety. The absence of sharp edges, restrictions on hanging heavy objects, and the use of four screws to secure the unit result in a design tailored to the specific needs of correctional facilities.
