Description

Valera HOTELLO 1200 W – comfort designed especially for the hotel

Valera HOTELLO is**a compact hair and body dryer designed for hotel rooms and quieter common spaces**. Instead of a classic hand-held dryer, a fixed wall unit and a comfortable handle with a flexible hose are used. Thanks to this, the device is always in its place, does not take up the countertop and remains ready for the next guest.

Operation is extremely simple –**just remove and pull the handle to start the air flow**. Without selecting programs and unnecessary settings. HOTELLO therefore suits the specificity of a hotel where different guests use the same device and what matters most is intuitiveness, safety and reliability.

- **Power 1200 W**– suitable for comfortable drying of hair and body in hotel conditions.
- **Hair and body dryer**– a flexible hose allows you to conveniently direct the air stream where it is needed.
- **Intuitive startup**– just remove and pull the handle to start drying.
- **Electronic timer**– after 8 minutes, the device automatically turns off, which increases safety and protects against leaving the dryer on for a long time.
- **Swivel pipe tip**– a solution that protects the tip against excessive heating and improves comfort of use.
- **Wall mounting**– the dryer does not take up space on the counter, helps keep things tidy and is always available to the guest.
- **Easy installation without opening the housing**– simplifies the installation of the device in a finished bathroom.
- **Two ways to connect**– directly to the electrical installation or via a flexible cable with a plug.
- **Compact dimensions**– the housing is 238 × 147 × 112 mm, so it does not dominate even in a small bathroom.
- **Degree of protection IP34**– design adapted for use in sanitary spaces.

- **Classic white finish**– the neutral form easily fits into various hotel bathroom arrangements.
- **2 years door-to-door warranty**– convenient warranty service provides additional purchase security.

Valera HOTELLO is a well-thought-out solution for a hotel bathroom: simple for the guest and practical for the facility. It doesn't take up the countertop, it doesn't require putting the dryer back or learning additional functions - just reach for the handle and start drying. Automatic switch-off after 8 minutes and permanent wall mounting additionally meet the requirements of equipment intended for a wide range of users.
