

DECLARATION OF CONFORMITY

Folding baby changing station horizontal (recessed), stainless steel, model FBCTXIH

This is to certify that this baby changing station has been tested and meets the requirements in accordance with the following standards:

EN 12221:2008+A1: 2013 CHANGING UNITS FOR DOMESTIC USE: PART 1: SAFETY REQUIREMENTS- EXCLUDING CLAUSE 4.1, CLAUSE 4.2.2, CLAUSE 5.1.1

This part of EN 12221 specifies safety requirements for changing units for domestic use for children with a body weight no more than 15 kg.

EN 12221 only covers the function of the item as a changing unit. If the changing unit can be converted or used as another function it shall comply with other relevant standards, e.g. cots, storage furniture, etc.

The changing unit may be foldable and can be fitted with a child bathtub or other additional items. Changing pads are only covered by this standard when they form a part of the changing unit.

Report number: **SHHL1812073731IP** (issued 23.01.2019).

The certification of the product is available in the company's office.
