# SYDNEY COLLECTION

## Hotel Bathroom Solutions

For Better Guest Experiences
and Effortless Operations

## Explore **SYDNEY** by Faneco

It’s not the AC, the breakfast, or even the location.
The hotel bathroom is the space that most clearly defines the guest experience. A well-executed one elevates the stay; a poorly designed one becomes a lasting problem.

Hoteliers know it’s not only about aesthetics. High turnover, maintenance pressure, and operational cost control demand solutions that are durable, easy to service, safe, and consistent over time.

Our hospitality-focused collection is built on that logic: elegant, universally compatible, and engineered for heavy, everyday use. Reliable, robust, cost-efficient — designed to perform, and designed to last.

## ***faneco*** - your trusted partner

- European quality meeting strict industry standards.
- Fast delivery ensuring timely project execution.
- A 2-year warranty that guarantees product reliability.
- Installation and service support available.
- A trusted supplier with 15 years of proven experience.
