VANDAL-RESISTANT TOILETS

for maximum-security facilities, detention centers, and correctional facilities

PRODUCT CATALOG

Sanitary fixtures for high-risk facilities

Faneco's vandal-resistant products are designed for environments where **durability**, **safety**, and **reliability** are of the utmost importance.

INCIDENTAL RISK

Train stations, public buildings, stadiums, and venues for large-scale events.

HIGH RISK

Detoxification centers, rehabilitation and correctional facilities, military units.

EXTREME RISK INTENTIONAL VANDALISM

Prisons and detention centers, psychiatric hospitals, and police holding cells.

Resistance strategy for stainless steel sanitary facilities

DESIGNS THAT MAKE DISASSEMBLY DIFFICULT

The structural integrity of the structure prevents it from being pulled out.

HIGH-STRENGTH STAINLESS STEEL

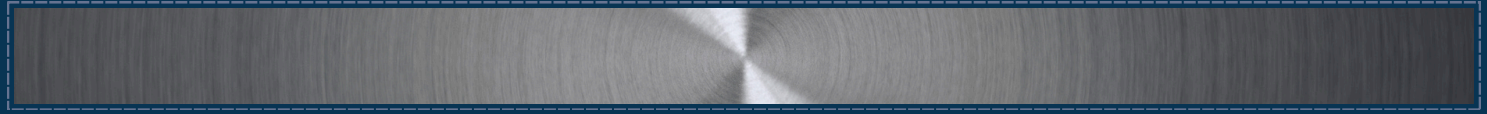

Resistance to heavy-duty use and mechanical impacts.

ROUNDED EDGES

Elimination of protrusions and sharp corners.

HIDDEN OR SECURED FIXINGS

No unauthorized access.

PROTECTION

The risk of intentional damage is kept to an absolute minimum.

SAFETY

Protecting the lives and health of users and staff.

HYGIENE

The ability to maintain strict cleanliness under extreme conditions.
